

UNTIL NO CHILD IN BOSNIA SUFFERS FROM POVERTY

CHARITY: BOSNIAN KIDS

SCHOOL LUNCHES

In Bosnia and Herzegovina, children receive a daily lunch at school, which is funded by their parents. Unfortunately, due to poverty, many parents cannot afford their kid's lunch, and as a result, these children are excluded from school meals. For many of them, food served at school is their only regular meal.

Your **donation of €70** will cover all lunches at school for one child for a whole school year.

FOOD PARCELS

Due to the current economic crisis, a large number of Bosnian families are facing a food shortage. To support those in need, Charity Bosnian Kids delivers food packages to these families. Schools select the families who need help and our suppliers take care of the distribution.

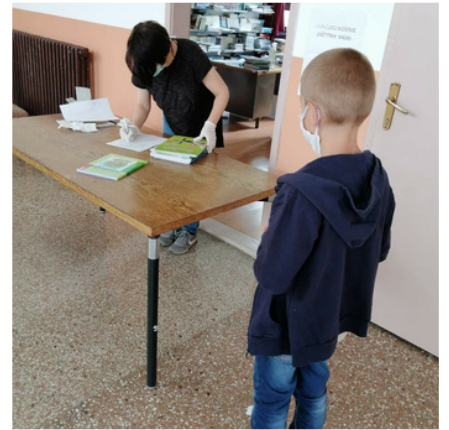

Your **donation of €150** provides a family of four, one food parcel with all the necessary items for one month.

SCHOOL SUPPLIES

The beginning of every school year is equally difficult for parents due to the great financial cost it brings the family. Apart from the basics such as school uniform, footwear and other school supplies, parents must purchase textbooks.

Your **donation of €100** ensures those children will get access to the books they need. Once used by students, books are returned to the school at the end of the year for the next year to be used by the next group of children.

ABOUT THE ORGANIZATION

Charity Bosnian Kids is a Dutch non-profit organization supporting children in Bosnia who are disadvantaged by poverty. 100% of your donation goes directly to the children. All operational costs are covered by the founders.
